

S.E.E.C.: Supporting Enrollment & Engagement in Clinical Research

Researchers at the University of Illinois at Chicago (UIC) want to conduct focus groups with people who identify as African American or Hispanics to examine reasons and causes for why they would or would not participate in research studies.

Research is always voluntary!

Would this study be a good fit for me?

This study may be a good fit for you if:

- You identify as African American
- You are 18 years or older

What would happen if I took part in this study?

If you decide to take part in this study, you would

Participate in a single group discussion for 2-3 hours

The group discussions will take place at community centers and churches in several Chicago neighborhoods.

To compensate for time and travel, participants will receive a \$50 gift card.

For more information on this research and to get information on the location of a focus group near you please call Karriem S. Watson, MD, MPH at (312) 355-4957 or email at kswatson@uic.edu
